COMFORTING ZION SINCE 2009

Our Mission + Vision

For more than 15 years, HaTikva Project (the hope project) has existed to see the Israeli Body of Messiah built up and to serve needy Israelis in the name of Yeshua as we fulfill His commandment to **love your neighbor as yourself.**

Through HaTikva Project, people everywhere have an opportunity to provide desperately needed financial aid and war-relief, provide high-quality, subsidized dental care to those who otherwise could not afford it, and promote and facilitate adoption and foster care - **in the name of Yeshua.**

Since its founding in 2009, *HaTikva Project* has been a Yeshua-centered, compassion ministry to the Nation of Israel.

When the religious leaders of Yeshua's day asked Him what the greatest commandment was, He answered that the first and greatest commandment is to love the Lord with all your heart, soul and mind. He added that the second greatest commandment is to love your neighbor as yourself. This love and compassion is just as relevant and necessary for the nation of Israel now as it was 2000 years ago. As the ramifications of war continue to cast a shadow over the nation, the suffering stretches far beyond the frontlines. It reaches into homes, hearts, and futures, leaving families broken, businesses closed, and dreams deferred. We consider it an honor to stand together with the needy in Israel.

We invite you to be a part of what the Lord is doing today in and among His people. Our partners have always desired to bless and care for Israel and the Jewish people and are answering the invitation to "Comfort those who mourn in Zion."

HaTikva staff in Israel

Whether it's through humanitarian aid, war relief, dental care, or adoption and foster care support, we invite you to join with us as we bring comfort to the people of Israel in the name of Yeshua.

I am honored by your trust and compassion for the Israeli people.

Blessings from Jerusalem,

Evan Levine, Executive Director

HATIKVA FAMILIES

HaTikva Families equips people to respond to the orphan and vulnerable child crisis in Israel through adoption and foster care and encourages the Israeli Body of Messiah to take a leading role in this effort. We guide couples through the government-run approval process for adoption and foster care, provide ongoing support to foster and adoptive parents, train families and professionals in trauma-informed care, provide respite care to families, and partner with local foster care organizations on various initiatives.

HATIKVA DENTAL

HaTikva Dental operates the first and only Messianic, non-profit dental clinics in Israel. As the only organization in the country providing full-service, subsidized treatment to the needy, we perform around 2,000 patient visits per year at our clinics in Jerusalem and Haifa providing a full range of dental services.

HATIKVA AID

HaTikva Aid provides financial support to Israelis experiencing acute financial crisis in partnership with other organizations that provide financial counselors to assist families in their journey of financial recovery. HaTikva Aid administers a war relief fund providing desperately needed support to Israelis suffering from military conflict and its wide ranging effects.

Hope

for widows, needy families, and the traumatized

HaTikva Aid endeavors to practice the pure and undefiled religion of James 1:27 by meeting the needs of the vulnerable through direct financial support and meeting of day-to-day needs. We help Israelis, both believers and non-believers, who are experiencing a financial crisis by pairing financial aid with the support of local congregations and financial counselors. The aid program meets the needs of widows, single mothers, and families experiencing extreme financial hardship throughout the nation of Israel. HaTikva Aid's war relief fund provides assistance to those suffering from the tragic effects of war. We provide respite retreats and counsel for soldiers returning from the battlefield, along with their families, assistance for rent for the displaced, support for those who have lost their income due to the economic consequences of conflict, and much more.

Hope through dental care

HaTikva Project operates the first and only non-profit, Messianic Jewish dental clinics in all of Israel, with clinics in Jerusalem and Haifa. Our generous partners make it possible to provide high-quality dental care for those in need by subsidizing the cost. HaTikva Clinics offer wide ranging treatments from simple extractions to complex reconstructions and dental implants. Our clinics are 100% staffed by believers who are trained dental professionals, and the staff is comprised of Jewish and Arab believers working in partnership to provide care in the name of Yeshua.

Hope in the midst of war

During the 12-day war, missile attacks rained down constantly, leaving widespread destruction and trauma across Israel. Homes were shattered, neighborhoods upended, and countless families were forced to flee for safety.

One such family was the Jacobsons*, who were in their home when an Iranian missile hit their building. By God's grace, they had already taken shelter in their bomb-safe room and their lives were spared, but nearly everything else was lost. The rest of their apartment and most of their possessions were destroyed in an instant.

With their home uninhabitable, the Jacobsons became one of many displaced families. They found temporary refuge in a local hotel, and HaTikva Project stepped in to help. Through the support of our partners, we provided critical clothing vouchers to the Jacobsons and 50 other families, helping them replace what had been destroyed.

The Healing Oasis & Trauma Care Center (Neve Tikva)

THE NEED FOR HEALING

All of us need a Shepherd. All of us need THE Shepherd. As the trials and tolls of life in a fallen world compound and assail us, Yeshua longs to lead us to still waters, where He will restore our souls. This is true wherever we live, but it is especially true in Israel. A nation battered throughout history – ancient, modern, and recent – Israel is in need of healing.

HaTikva Project aims to be part of the Lord's answer by creating a space where His presence dwells and souls are restored—a Healing Oasis leading to a permanent trauma care and healing center.

THE VISION: A HEALING OASIS

The Healing Oasis is a mobile, intensive retreat offering trauma-informed care, biblical counseling, prayer, worship, and outdoor therapeutic activities. Individuals, soldiers, and families will participate in the program, spending 5–10 days in a peaceful environment created for their restoration.

"The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: He leadeth me beside the still waters. He restoreth my soul." Psalm 23

Hear from attendees who have attended past respite retreats:

Thank you for this respite retreat. There were a lot of good, deep meetings with the counselors. I was at a very low point in my life due to the outcome of the war, and spiritually low as well. During this time, we had a family revival! We are going back to Israel rebuilt. We cleaned a lot of garbage out of our lives and are now full with new hope! – Nathan Goel

We are in a difficult period in our lives. A lot of people we know died in the war. This time in Italy gave us our hope back. Yeshua remembers us! It's important to remember he is always there and not to lean on things of this world. This time did so much good for us and our children. – Limor Goel

Our existing respite programs for soldiers in Italy have demonstrated the effectiveness of this model. We have now launched our Healing Oasis retreats in Israel, which, Lord willing, will lead to a full-time center for emotional, spiritual, and physical restoration.

A Three-Phase Plan

PHASE 1

Healing Oasis Proof of Concept

(Fall 2025)

One-week Healing Oasis retreat in Israel, offering professional care, counseling, prayer, and outdoor activities. Each retreat will accommodate approximately 10 individuals or families and will be staffed by a dedicated team of psychologists, therapists, counselors, prayer teams, and volunteers. The estimated cost per participant is $1,500.

PHASE 2

Ongoing Healing Programs

Expansion to multiple retreats annually, each accommodating 8–12 individuals or families, placing greater emphasis on comprehensive follow-up care. This strategic growth will also facilitate the development of new, specialized healing programs, including pastoral rejuvenation, family therapy, and addiction recovery, further broadening the impact of this Healing Program.

PHASE 3

Permanent Healing Center

Establishment of a 24/7 trauma and healing center, providing comprehensive support for 10 families or individuals simultaneously. This facility will offer a range of services, including psychological care, licensed therapy, biblical counseling, and group sessions. Additionally, we will incorporate agricultural and nature therapy into our program. The center's infrastructure will feature cottages, administrative offices, dining facilities, and dedicated outdoor spaces for therapy.

We invite you to partner with us in establishing a refuge where the Lord restores the soul and heals even the deepest wounds. Your partnership and support will help bring hope, healing, and restoration to the people of Israel. For more information on the development of this new initiative, visit here:
